Hi Colleen,

No problem – I'm glad the meeting had such a great turnout! I am working with our IT group and Deputy City Manager about addressing the projector issues. I am meeting with them this week to show them exactly how the images appeared on the screen in the Council Chambers and hopefully we can get it fixed. Thanks for the feedback!

Thanks so much! I really appreciate it and sorry to be such a pain. There was enough of that at the meeting.

Also, is there someone that can be contacted about replacing the bulb in your projector? A lot of people turned out for that meeting and I'm sure were disappointed that nobody could see the drawings. I understand that bulb can be quite expensive, it's really doing the public a disservice when the City's equipment doesn't work either.

Kind regards,
Colleen Redfield
