Subject: Proposed Winslow hotel

Members of the Bainbridge Island Design Review Board

We write to you to express our dismay at the proposed development of a hotel/event space in Winslow. This proposal is too much for Winslow, and especially for the neighborhoods surrounding the site.

This hotel is too big for the neighborhood, way out of scale for the neighboring buildings.

This hotel is designed to be used by the visiting public, rather than by BI residents. It is not welcoming to local

residents or local businesses as it would interfere with the current pedestrian friendly atmosphere so valued by the surrounding neighbors. Activities related to the functions of the hotel/event space would further complicate the already stressed parking and traffic conditions in Winslow.

This hotel is not suited for this site. Please consider the real purpose of maintaining a user friendly town center on Bainbridge, one that is welcoming to all BI residents whether they come for business, shopping, social, cultural, or recreational activities. This is what we have now. Why do we need this type of development in Winslow???

Thank you for considering the wishes of our community.
