Subject: New Hotel for Bainbridge

Dear City of Bainbridge Island Planning Department:

My husband and I lived on Bainbridge for 30 years and have recently moved to Vancouver, WA. I just heard about a possible Hotel being built on Bainbridge the is NOT a chain and would be aesthetically pleasing as well as following the LBC. Being environmentally conscientious follows what I believe is appropriate for growth on Bainbridge. I am ecstatic about this possibility as we will be visiting often and want a nice, green, friendly place to stay,... bringing family and friends as well as hosting events. That is a win win for us and what growth on Bainbridge should look like.

I am writing to urge you to support the hotel development by Madison Avenue Development at 253 Winslow Way W.

I welcome this project. This is a GREAT deal for Winslow and all of us visiting Winslow!!

Sincerely,
Carol and Bob Riede
