**Subject:** Proposed Hotel

I am complete opposed to this proposed hotel development. I live in Winslow Manor on Wood Avenue...an independent senior living facility under the management of Bainbridge Senior Living. The property partially abuts the land to be developed on Winslow Way. We are surrounded with 3 other multiple unit senior living properties. The proposed property is also housing to other independent and commercial properties that will be severely impacted with another new invasion of traffic and people. What an invasion of quality residential living! A bandstand...why? 132+/- parking spaces above and below ground...? Has anyone given thought to what an unattractive nuisance this will bring forth to surrounding neighborhoods. I understand some traffic and other density studies have been done, and I guess approved...but does Bainbridge Island REALLY need such a development???

I think the a halt to this proposed project should be enforced NOW! Enough assaults to the lovely charm that makes this Island so desirable and we are losing before our eyes!

You bet I intend to attend the May 23rd hearing...or has this also been proposed?!
