**Subject:** 240-foot dock on Little Manzanita  
**Date:** Thursday, March 12, 2020 12:31:04 PM

---

I strongly oppose extending the already long dock at the mouth of Little Manzanita! I bought my property in 1979 and built my home in 1987. I treasure the peace and quiet, wildlife and lovely view. The proposed dock is across the bay from my home and already in sight.

We have otters, geoducks, bald eagles, herons, ospreys and many other birds. And unless things have changed since I went to a multi-agency seminar some years ago, we have the largest salmon run on Bainbridge. It would be a shame to endanger all of this.

Thanks in advance for your consideration in this important matter.

Sincerely,  
Chris Larsen
