To Whom it May Concern:

I am writing in support of Madrona School's application to locate a new "farm-focused" school at Lowery Farm.

As parents of two school-aged children, we are very excited at the prospect of instilling a respect for the land and appreciation for the hard work and satisfaction working with it can bring.

We also are hopeful that with a bigger campus, Madrona will be able to contribute even more to the robust educational offerings on Bainbridge. In fact it was because of the excellent school opportunities here that our family moved to the island 3 years ago.

We understand the concerns there may be in the neighborhood adjacent to the proposed campus, as they relate to parking, traffic and even noise associated with a school nearby; however, I can only point to Madrona's past record of respecting our neighbors at the Eagle Harbor Church as an indication of what to expect.

Thank you for your consideration,
