Subject: Proposed Winslow Hotel

Ms. Wright,
I support the APPROVAL of the proposed Winslow Hotel project.

The project is located within a “mixed use” town center designation, and is determined by City Design Review Board (including planning/engineering experts), to meet Comp Plan and Winslow Master Plan.

I am also most happy that both the developer and architect are local island residents. And, I understand that this development team has made many project design accommodations to better meet local/city needs, beyond what the code allows.

Please APPROVE the Conditional Use Permit for the proposed Winslow Hotel, so this project can move forward, and be a benefit to the island community of 25,000 population.
