As a city resident & owner,  
I am voicing my serious concerns  
on the proposed Winslow Way  
Hotel! Not only do I think it  
is totally inappropriate for  
the neighborhood, but also for the  
Island!! The traffic generated,  
parking issues and extra noise  
levels would all be utterly  
EXTREME! What are the expected  
or intended benefits? Surely our  
current downtown area meets our  
needs & that of the many tourists  
visiting --- already during the  
height of tourist season one can  
barely walk on the sidewalks??

Sincerely
