Subject: Signs for Proposed Land Use Action #PLN50808 SPR no longer on posts

Good afternoon,

We hope you're having a great afternoon so far. I'm following up on a voicemail I left regarding Net Systems' signs. Last Thursday, Miles posted the signs he picked up signs outside Net Systems as directed. Today, he noticed that the signs were no longer there. The posts are still there, as are the nails and staples that were used to secure the paper signs to the posts. Miles checked the bushes in the area, and the signs weren't there. Would you be able to provide guidance on what we can do from this point?

Thank you,

Jessica Saltrones
