Yep, found them – I'm compiling them into a spreadsheet now looking for both commonalities and distinct items.

We'll send you drawings updated per the attached notes, and also we're looking at the south parking lot again in light of the determination regarding buffers.

How can I access public comments regarding the hotel? On line?

Hi Olivia, When the DRB met on Jan 7th to review this project, we approved the site plan with the following conditions/recommendations. I am attaching a summary document for you to review. It was my understanding that Cutler/Anderson would be sending DRB a parking lot layout showing additional 2 feet of landscaping. Please let me know when this layout is ready for review. Also please share the summary with the applicant. Thanks a lot.

Joe
