Good morning Heather,

Work must be busy for you dealing with this moratorium. Please see below for a question that we sent to Olivia regarding Site Plan and Design Review application submitted for Bay Hay and Feed. Can you please respond to it or have one of your staff members reply to it since Olivia is out of the office until January 17th? I would like to be able to assure Howard Block that his project will be able to move forward during the Moratorium.

Thank you,
Devin

Good Morning Olivia,

I am reaching out seeking clarification on a project currently under review (PLN 50775). We submitted a Site Plan Review Application on December 13th and the thirty day review for completeness is almost here. Reading the six-month moratorium on certain developments it would appear that our project falls within number 7 on the exclusions list.

Would you be able to confirm my interpretation of this and give me a sense of how this application will continue to move forward? Thank you very much for taking the time to read through this post. I look forward to hearing your thoughts.

Best Regards,
Trey Benson
