Dear City of Bainbridge Island Planning Department;

We are writing in SUPPORT of the hotel development at 253 Winslow Way West. We know personally that the guiding principle of this project has always been to build a structure that serves our community by the inclusion of multiple community spaces that can only enrich our lives here on Bainbridge. The Burns' have made Bainbridge Island their home for over 3 decades and sincerely wish to make a positive and lasting contribution to the quality of our lives here. The scope and impact of this proposal is far less than what is already sanctioned by law according to adopted code. Please understand that the alternative could be a far less sensitive project designed purely for profit by some off-island developer. It is a far better thing to support one of our own who understands and has the interests of our community in mind.

Sincerely,

Holly and Neal White
