Subject: Hanson Dock Proposal/SEPA

Dear Ms. Hillier,

I have become aware of the proposed Hanson dock extending into Fletcher Bay.

I am a resident on the Bay shoreline and kayak and boat on the Bay.

While I am not opposed to the new dock, the City should consider whether the dock could be configured to reduce interference with navigation.

As proposed, the dock will complicate navigation since it extends into the bay farther than neighboring docks.

Some of Mr. Hanson's immediate neighbors have explored options for his dock that would mitigate the impacts. I encourage the City to consider these options.

Thank you for the opportunity to comment.
