**Subject:** Re: Madison Grove Tree Cutting

Kelly,

I spoke to Todd McKittrick yesterday and he assured me there will be no tree cutting at Madison Grove until he has city authorization, which is not in place yet. Right now they are in the process of constructing a fence on the SW corner of the property and wrapping the trunks of trees with orange netting in the designated buffer zone.

Thanks, Brendan

Kelly,

There is going to be a massive clear cut in the Madison Grove Development within the next month and I just want to make sure that the city is fully aware and the clear cut is authorized. There are mature Douglas Firs back there that are probably the largest remaining in the Winslow Core. Does the city have to authorize this type of cut or can the developer proceed based on the permits he currently has in place?

Hello Brendan,

I am not aware of any permits or authorizations which the City has issued to authorize tree cutting, but I am not necessarily informed on the activities of other departments, such as the Public Works Department. You may make a public records request to ask for records through the City website at <https://bainbridgewa.nextrequest.com/>

**Subject:** Madison Grove Tree Cutting

Kelly,

Millennial Builders is preparing for a major tree cut of the Madison Grove Development. Can you please validate for me that the city has given them final approval to proceed with this tree cutting? Thank you, Brendan Curran
