Hello Heather,

I know there are many opinions about the hotel proposal and you are up next at bat in the evaluation process.

I am in the no hotel camp for all the reasons the planning commission outlined in its report. Mainly I think it will forever negatively change the character, charm and community of Winslow. To keep it short because I'm sure your inbox is very full as this process proceeds, I am hopeful that you will support the planning commission's determination. If not, I hope your reasons for supporting the project will be clearly stated. I can't imagine that any arguments to support the project have not been addressed.

Thank you for your work to keep Winslow and Bainbridge Island a wonderful place to live. We truly love it here.

Kind regards,  
Michele Conner
