Subject: Bloedel new exit proposal
Date: Saturday, July 29, 2017 5:22:02 PM

We are the closest driveway to the proposed new Bloedal Reserve exit. I do oppose the addition of another closer egress to Agate Point Rd. Walking, running and enjoying the rural area road is already very busy and somewhat dangetous. Locals typicall move over when passing pedestrians, but many others do not. Please note Bartleys as opposed to this exit.
