Mr Greetham:

I was shocked when I learned about the proposed dock that our neighbors want to build in the middle of Little Manzanita Bay (Permit #PLN50280C SSDP&SVAR). I am so lucky to have grown up in this small neighborhood on Bainbridge, which I consider to be one of the most beautiful places on the island and in the region. The thought that two families would consider ruining this unique environment to build an extensive dock that only benefits them is horrifying and extremely sad. The beauty of Little Manzanita Bay brings joy to at least hundreds of islanders and visitors and offers refuge to many native plant and animal species. I can only hope that the city will work to protect one of the oldest and most unique waterscapes on Bainbridge from being destroyed by the self-interest of small private parties.

Thank you for your consideration,
