Dear Mr Smith

My wife and I live at 474 Glen Hollow Place, Bainbridge Island, WA. We purchased our home in June, 2005, and, have enjoyed living here. We have benefited from the quiet residential neighborhood that includes Glen Hollow Place.

However, we are greatly distressed with the City Of Bainbridge Island's consideration of the Winslow Hotel permit application, and, ask you, as the City Manager, to protect us from the construction of the proposed Winslow Hotel. We support the Planning Commission vote against this project , and, request that you too, not approve or support the permit application.

Respectively submitted,

Fred & Robbin Kroger
