

MEMO

Date: July 10, 2018
To: Ellen Fairleigh, Planning Department
From: Deputy Chief Jared Moravec, Fire Marshal
Re: Milligan & Stahl Fire Apparatus Turnaround Requirements

The purpose of this memo is to clarify fire apparatus access turnaround requirements for two short plats - PLN50803 SPT and PLN51027 SPT – both located on Falk Road.

After reviewing the existing and proposed conditions, additional improvements for fire apparatus turnarounds are not required. There are no adverse fire apparatus access conditions to the area created by the development.
