Olivia,

I own Tango Zulu, a small retail business in Winslow Green. I wish to express my support of the proposed Winslow Hotel, which I believe will increase commerce in the downtown area. Small businesses located west of Madison, in particular, are likely to benefit from the development. Some area residents have expressed concern to me about the hotel providing adequate parking for its guests, and I trust that is a subject you will or have already addressed in the permitting process. I look forward to seeing the finished product!

Best regards,

Tracy Zhu | Owner
