Dear Ms. Wright,

Our family recently relocated from Cleveland, OH to Bainbridge Island for my husband's job in Seattle. We specifically chose Bainbridge Island to call home because of the community feel, incredible natural beauty and absolute serenity that comes with living away from the hustle and bustle of the city. It may not be the most convenient location to live, but the benefits of this quiet town far outweigh the challenges of the daily commute. When I heard of an 87 room hotel being proposed on this peaceful paradise, I was a bit disappointed. I truly believe that the project is not in the best interest of the Bainbridge community and will set the precedence for future development that would really take away from this ever so special town. I understand a very important decision is now in your hands and I respectfully ask that you not allow this project to move forward. We are hoping to make this our forever home, for the reasons stated above, and would hate to get to the point where we no longer enjoy living here.

Regards,  
Terri Beckett
