I don't oppose a hotel for BI, but I do
oppose one in this neighborhood and this size
and scale. This is not a boutique hotel
by any stretch of the imagination, and
it belongs outside the core area where it
could have adequate parking and no concerns
re: noise and added traffic.

This project is surrounded by 3
senior living facilities housing more
than 120 individuals in addition to
many condominiums and private
homes. It seems to me that we should
protect our neighbors in existing
housing, not disrupt an entire
neighborhood.

Just because someone has enough
money to purchase the land and pay
top architectural fees (Shame on you Jim
Cutler), it doesn't make this project
at this location the right thing to do...
