Subject: Madrona School

To whom it may concern,

I am writing to you in support of Madrona school building on Lowery farm. We are so excited for Madrona school to be a part of the Madison Ridge neighborhood in their own permanent building. This school serves a community that values nature, social justice, and strong family values. I have had a number of interactions with Madrona that required flexibility from the school. Their leadership was attentive, cooperative, and compassionate, qualities that make fantastic neighbors. I have no doubt that Madrona school will contribute positively to the Madison Ridge neighborhood in more ways than I can begin to imagine at this point.

With warm regard,
Christiane Piper
Bainbridge Island, WA
