Subject: Winslow Hotel

Dear Heather Wright,

Please advise the Hearing Examiner against the building of an 87-room hotel on Winslow Way.

Please don't go against the Winslow Plan, which says that a developer can build a 15-room hotel, not an 87-room hotel, in that area, in order to keep the "charming, small town" quality that tourists come to see.

It is just too big.

It's designed like a fortress, and blocks everyday people's access to and views of the Giant Sequoia.

Sincerely,
Natalia Ilyin
