**Subject:** Support of Madrona Waldorf School CUP Application

Hello Josh,

I am a parent of two young children at Madrona Waldorf School and a resident of Bainbridge Island. I would like to express my support for the school to develop and relocate to the Lowery Farm site. The current facilities at the Congregational Church in Winslow are inadequate for the size and curriculum of the school. The classrooms, play yard, common room, and parking lot and the church are not quite big enough at times. The Waldorf curriculum emphasizes outdoor play and learning practical life skills such as gardening, so having the space that Lowery Farm offers would be ideal.

Madrona School families are considerate and kind citizens and will respect the requests of neighbors near the new school location. I gratefully request your support for Madrona School's CUP application.

Sincerely,  
Stefanie Lemon
