Subject: Proposed Bainbridge Hotel

I am a resident of Winslow Green. We had our annual meeting in March this year and were told by our president, Tom Cunningham, that the proposed hotel would not have enough parking and therefore could they use the Winslow Green parking spaces at night.

Winslow Green residents completely rejected that proposal. The proposed hotel should be rejected by the Bainbridge planning board, for many reasons, especially if they propose to inundate our neighborhood with parking problems.

Sincerely, Elisabet Orville
