Subject: Inquiry from nearby property owner on Rural American PLN15354 RUE VAR

Dear PCD,

I received a letter from your office about this proposed variance. I'd like to learn more. Do you have any specifics about the Rural American application that I can review? The letter says that the city "...expects to issue a Mitigated Determination of Non-Significance..." Does that mean the city intends to approve the variance and thereby allow building?

Sincerely,

Mike Lincoln
