Subject: The charm of Winslow

Ms. Wright,
I was drawn to living on BI because of its natural beauty and the charm of Winslow.

That being said, traffic and parking are at a breaking point.
The Planning Committee's disapproval of the large 80+ room hotel is fully supported by me...it has no place existing in this village.

In all the conversations I've been a part of or overheard, not one person supported the hotel being built. Who do you know who would approve it's construction?

Im sure you will give us
A thoughtful decisión.

Gratefully
Karla Sammons
