**RE:** Comment re Lapinski Dock PLN 51157 SSDP and SVAR

To Whom It May Concern:

I am writing to urge you to reject the Shoreline Variance for the Lapinski Dock at 6150 NE Eagle Harbor Drive. As you know the new 154-foot (over water) pier, ramp, float, and boat lift will far exceed what is usually permitted in Eagle Harbor (and elsewhere on the island) due to it exceeding both neighboring docks. As a member of the Bainbridge Island Rowing team and a frequent user of Eagle Harbor, the proposed extension to the dock will negatively impact the ability to safely navigate along the southern shore of Eagle Harbor.

I ask that you reject the request for a variance and only permit the dock to the length as allowed by law. I also ask that you reject the request for a mooring buoy.

Kind regards,  
Anthony Oddo
