I live on Wood Avenue near Winslow Way. I'm greatly concerned that the building of the proposed hotel would trash our peace and quiet and cause our property values to decline. A 250 seat outdoor amphitheater? In the words of the immortal John McEnroe, "You can't be serious!" This will generate a tremendous amount of noise pollution in our neighborhood. Has the planning commission considered the impact on the hundreds of elderly people living in the direct vicinity of the proposed hotel?

I thought that the planning commission is supposed to enforce zoning and protect property rights. If you approve such a flagrantly out-of-proportion project, you will compromise your own integrity.

Sincerely,
