Subject: coultas property

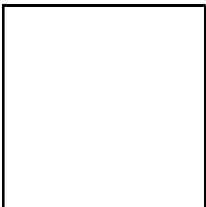

Hello Ms. Fairleigh,

Thank you for your notification of the short plat proposal. Could you remind me what the current land use options are available on that parcel and what possible changes could accompany a granting of the application?

On a separate issue, are there any plans to use the city's easements open up access through the various parcels stretching from the Madison Ave. fire station through the Coultas holdings? I'm a North Town Woods resident who would love to maybe walk to the BARN facility or have non-motorized access from my neighborhood toward downtown. I also think that, long-term, it would be nice to have access to the Kitsap Connection of the Olympic Discovery Trail.

Thank you for your time,

Jim Starrs
