Subject: Winslow hotel

Dear Ms. Wright,

As a Winslow resident, I have been very disturbed to hear about the huge hotel that was proposed for the east end of Winslow Way. I urge you in the strongest terms to support the Planning Commission's decision to block further development of the hotel. Downtown Winslow simply cannot support a structure such as this. The traffic over the ravine bridge is already terribly congested. Such an out-sized hotel runs counter to everything that Bainbridge Island stands for.

Thanks,

Alison and Frederick Kettering
