Subject: NO HOTEL

I am writing to express my disappointment that a sizeable hotel is being considered for our downtown area. The congestion on Winslow and Madison is already out of hand and traffic lights will soon be warranted. Building construction may be on moratorium, but meanwhile developments are cropping up where ever there is a few feet of empty space. The appeal of living on Bainbridge Island is getting lost as we become more an extension of Seattle, and less a village. What's next? If this plan is rejected, will the next proposal require more area? more height? or perhaps a neon or gold Winslow Hotel sign that can be seen from Seattle?
Please reject any proposal for a hotel in Winslow. Keep Bainbridge safe and maintain our sense of community.
