Subject: Planning Commission's denial of Winslow Hotel Project

I commend the Planning Commission for their vote. While there may be a need for a hotel in the Winslow area, not one of this scale. Winslow may be the business center for the Island, it is also home to many communities. Neighborhoods would be negatively impacted by this project. Traffic increases alone argues against the project. I live in the Grow Community and particularly appreciate being able to walk around the neighborhoods and to not have to fight traffic entering and exiting my condo. I encourage the Council to honor the Planning Commission's vote.

Thank You,
