Subject: Proposed new hotel in Winslow

Dear Ms. Wright,

I am writing to express opposition to the proposed new hotel on Winslow Way across from the Winslow Green.

Based on what I have read about this new development it appears to be much too large for the surrounding neighborhood. I fear that this hotel could permanently alter and damage the Winslow community by worsening and already difficult traffic and parking situation in the Winslow downtown core. This type of larger-scale development might be reasonably placed in a mid-island space like the development near the new Walgreens or near Safeway, where other large hotels and condos exist. Winslow Way has always been friendly to small businesses and has offered a wonderful small-town vibe for residents and visitors alike.

I strongly encourage you to reject the proposed new hotel on Winslow Way.

Sincerely,

Andrea Chymiy
Falk Rd., Bainbridge Island
