Subject: Dear Mr. Greetham,

While I no longer live in the area, I want to share with you my feelings of disgust about the proposed giant dock on Little Manzanita Bay. The desires of one or two families for bigger or more numerous pleasure craft will reduce the joy everyone else, landowners and others, can have in this area. The present degree of \*civilization\* still permits a rich and varied wildlife habitat, as well as unimpeded views of the bay.  
Please say NO.
