Hi Amy. Thank you for the update. We are happy to extend the deadline for the submittal of the requested information. We understand that the work won't be complete until the week of September 26 and the wetland biologist will need additional time to document their findings. Please let us know when they have a better sense as to how much additional time they may need.

Sincerely,
Heather

Re: Fort Ward Properties, Soundview Lots 2,3 &4

Hi Heather and Josh,

We have an agreement with Joanne Bartlett of Ecological Land Services and the Wetland Report, in the format you wish, is now approximated to be complete the week of September 26. We will submit the final information you need as soon as possible after we receive the report.

Thank you for the time extension and we would appreciate a written notice to verify it.

Best regards,

Amy Duerr Day

for Rural American Properties.
