**Subject:** Supporting Lowery farm Madrona Waldorf school plan

Dear planning commission,

I am writing you in order to express support for the plans to build a new campus of Madrona Waldorf school at Lowery farm site.

According my knowledge of the plans, the new school is being planned in accordance with requirements of minimal development approach, leaving lot of open space and preserving green natural areas to the maximum possible extent.

I feel that this is the best option possible for the neighborhood and the island. Respectful, green, low building density plan for the site, preserving the spirit of the neighborhood.

Thank you for considering opinions of all Bainbridge Island citizens.
