CAUTION: This email originated from outside the City of Bainbridge Island organization. DO NOT click links or open attachments unless you recognize the sender and know the content is safe.

Sorry our comments are late, I hope you'll still consider them.

We live at 3832 Pleasant Beach Dr NE, Bainbridge Island. I'll keep it short: Please do not allow the Lytle Creek Wetland to be compromised any further by permitting PLN51498RUE/VAR

In our neighborhood we try to be good stewards of our land, our septic system, how we garden, light use of our well water, etc. We want Bainbridge to be a lovely healthy place to live for the next century and beyond. **For that reason we find it very disheartening that the city would even consider waiving its own guidelines in preserving wetlands and ensuring water quality.**

Please do not allow this needless development to proceed.

Thank you,
Linda Treffinger
