Subject: Fwd: In Support of the Madrona School's CUP Application

Dear Mr. Machen,

I wanted to write you a brief note in support of the Madrona School's CUP application. The school is an important part of our island's cultural and educational fabric, and their growth into a new location will be good for students, and good for the community. I know the school will be good neighbors, both to those physically near the new campus, and to all of us on the island.

Thank you,

Kate Tomkins
