Subject: re: Winslow Hotel

Hi Rasham,

The project is described as a hotel with approximately 75 rooms, with associated banquet and meeting rooms, restaurant and bar, spa and back of house spaces. With landscaped courtyard and both under-building and surface parking. For more information you may go to the COBI project website at: [Winslow Hotel](#)

The applicant is currently combing through the 70+ public comments received and anticipates making some revisions to the proposal in response to the comments. The Winslow Hotel project requires a Site Plan Review, recommendations from the Design Review Board and Planning Commission, with a public hearing and final decision by the Hearing Examiner. The Design Review Board has recommended approval. Planning and Development Services and Public Works staff are currently reviewing the proposal. The Site Plan Review is tentatively scheduled for review by the Planning Commission on May 9 and, if needed, again on the 23. If this schedule is maintained, the Hearing Examiner public hearing would then be held on June 13. This is of course all subject to change.

Best Regards,

Subject: re: Winslow Hotel

Hi Morgan and Gary;

I'm hearing a lot of community buzz around the proposed Winslow Hotel; I've been approached with questions about the project by a couple of concerned citizens as well. Is it possible to get information on the project, including where it is in the permitting process? Thanks! Rasham
