Feb. 21, 2019

To the Members of the Planning and Community Development Board,

We have received a copy of the attached letter that was sent to the Board. We have read this letter and are in complete agreement with the points that were made. We wish to add that the Board should consider, as Bainbridge Island citizens and neighbors, the financial harm and degrading of the quality of life this project will inflict upon the surrounding homeowners.

Sincerely,

Stephen and Nancy Rosen
