Subject: Hearing Examiner Clerk: Winslow Hotel

Dear Hearing Examiner,

We are residents of Bainbridge Island on Grow Ave., close to the proposed hotel on Winslow Way. We object to the proposal for an 87 room hotel and conference center due to the negative impacts it will have on our street, neighborhood and community, including increased congestion, noise and the precedent it would set for future development in Winslow. It does not conform to our Comprehensive Plan or zoning for a 15 room inn at that site. Parking is extremely limited in our neighborhood and we cannot host any spillover of guests from the Hotel. Noise from an outdoor courtyard celebration would affect close neighbors. Service deliveries would increase traffic on Winslow, Grow and Madison Avenue, as well as the 4-way stop on Winslow and Madison. This is not an appropriate place for the scale of the proposed project and we recommend a denial.

Respectfully,

Sid and Carole Miller
