Subject: Opposition to the Winslow Hotel

Dear Ms. Wright

As a resident of Bainbridge Island, I am opposed to the development of the proposed Winslow Hotel and Convention Center. I oppose this for many reasons, but to name a few; the inordinate amount of traffic (car & pedestrian) it will create for those who live here, significantly decreasing the quality of life for the residents nearby and for the other BI residents trying to get through town, noise pollution, increase in waste, & negative impact to our water reserves.

It appears that that anyone who would be in favor of this development 1) doesn't live here (esp within the Winslow area) & 2) doesn't care about those who do reside here, but instead only cares about increasing COBI's bottom line. At some point, quality of life and care for the citizens needs to come before profit. We live in a finite space, and cramming more high density buildings into that space will not improve OUR quality of life but only serve to make a developer wealthy and marginally increasing the revenue for COBI, thus putting the desires of the few ahead of the desires of the many.

I appreciate your consideration
thank you
S. Stoner
