Subject: In-support of Hotel Project

Dear Heather:

I am a 25 year resident of Bainbridge Island writing to voice my support for the planned hotel development in the Winslow core. A new hotel, built to embody the unique character of the island, would provide a desperately needed economic infusion by encouraging mainland tourists to make Bainbridge an overnight destination. It would also provide a superior lodging option for out-of-town guests.

I realize that there are several vocal members of the community campaigning to kill this project but I hope you see that there are many others who welcome it. I am normally opposed to most development projects but this one is different.

Sincerely,
Andrew
