**Attachments:** Winslow-Finch Place Site Map 5-10-19.pdf

Ms. Sontag,

I live directly to the east of the proposed Winslow Hotel project at 155 Finch Place SW. It has come to my attention that neighbors to the west of this project are advocating for all utilities, garbage, recycle, and other unsightly (possibly odorous) components are placed on the eastern side of this project. As you can see from my quick site map (attached), the impact with this sort of decision would affect a far greater number of people (including residential seniors and low-income populations) mostly to the east but including directly to the south of the project properties. I would like this factored into the decision-making.

I would also like my wife's email address, mine, and Mr. Bruce Weiland's (also an "eastern neighbor") to be included in future email chain so that we are all aware of when public meetings are taking place and when we can be part of the process. They are copied in. I look forward to hearing that you received my note and my attachment. Please feel free to forward this email as you see fit to project our concerns to the appropriate parties.

Best,  
Erik Wood
