Subject: Comments on PLN50880 SPR and PLN50880 CUP

As a homeowner on a nearby residential stretch of Grow Ave., my main concern is the increase in traffic on my street due to this project. *Significant* measures *must* be taken to encourage traffic to use the existing arterial of Madison Ave (and not Grow Ave), to access this new business. I think some sort of speed bumps and/or other traffic calming measures on Grow might prove useful in this regard.

Regards,
