**Subject:** Winslow hotels

Hi,

Not sure if I am sending to the correct department. I can not attend the meeting next Tuesday, and wish to voice my opinion.

As a new resident here, I have really enjoyed the Winslow shopping area. It is a quaint, lovely part of the Island and always fun to visit. I have already learned when to avoid going there, due to increases in traffic and people.

I'm really astounded that there is a possibility of not one, but two hotels! I understand that it would be a big benefit for all the businesses there. But I feel it would totally change the quaint feel of a village atmosphere, something that can't be found in too many areas today. I don't believe there is any plan that will help with the increases in traffic congestion, pollution etc.

Please reconsider and keep Bainbridge Island the way it is..a peaceful, serene community for all to enjoy. Thank you.
