DEAR PLANNING DEPARTMENT

Planning and
Community Development

'19 FEB 22 PM 2:06

@ CITY OF BAINBRIDGE ISLAND

Please, please DO NOT approve the plans for the hotel proposed for Winslow way and Finch in Winslow.

The building you are allowing now is out of control! Those of us who live on this island are being squeezed out of being able to park any time in Winslow. The noise of an amphitheatre, the traffic of delivery trucks and garbage disposal will be horrendous for the people living for blocks around. Your excessive permitting is creating over-building in and around Winslow and Lynwood Center, and it's ruining what was a charming, friendly, livable small town into a crowded, catering-only-to-tourists money grab.

And what about the limited water on B.I.? Will you allow so much over-building that, before too long, we're out of water for farms, vineyards, animals and people?

Please, stop ruining a beautiful place for the residents of Bainbridge Island by allowing greedy, out-of-control development! Please!

Carolyn Terry
Resident of B.I.
