**Subject:** Comments concerning Winslow Hotel PLN 50880-SPR-CUP

I ask you to seriously consider the Planning Commission's recommended decision to deny a conditional use permit for Winslow Hotel Project (PLN 50880). The Commission has a level of knowledge and perspective concerning the Comprehensive Plan and Winslow Master Plan that is unique and which should receive considerable weight in your deliberations.

I ask you to recommend denial of the conditional use permit based on their rationale. To do so **does not reflect poorly on the quality of the staff work nor the Design Review Board (DRB) input to this project.**

Staff and DRB were providing their valid perspectives within the parameters given them for their respective roles in the review process. The Planning Commission has a unique role - to bring their broad and community based perspective to evaluate the basis for and compliance with requirements associated with conditional use permits.

Thank you for your consideration

Betty Wiese

1093 Nakata Avenue NW

Bainbridge Island, WA 98110

I'm providing a courtesy copy of this email to the Chairman of the DRB (Joe Dunstan), Chairman of the Planning Commission (William Chester) and the key staff members Olivia Sontag and Peter Corelis.
